This was the somewhat pathetic statement made by James Arnold when he was on the stand yesterday in Judge Hiles' court room to defend a suit for divorce brought by his wife, Lena Ar-

divorce brought by his wife, Lena Arnold.

The Arnolds are from Murray. For 28 years they have voyaged together on the matrimonial see. Some time ago the wife brought divorce proceedings against her aged spouse, alleging failure to provide and habitual drunkenness. This charge James denied and in a cross-complaint set up that his wife drank a great deal; in fact, she might be termed an habitual drunkard herself.

The case first came up for hearing on the 5th of this month, but Arnold failed to show up on account of ill health, and a postponement was secured until he could put in an appearance. Yesterday he dragged himself into the room and took a scat alongside of Judge Lochric

his attorney. Attorney Van Cott ap-peared for Mrs. Arnold. Mr. Arnold was first called. He is well advanced in years and suffers from well advanced in years and suffers from muscular theumatism, so it was with difficulty he got to the witness stand. Once there he told a pathetic tale of how his wife was seeking to get rid of him because affliction had totally incapacitated him from the performance of physical labor. He denied absolutely that he was or ever had been in the habit of getting drunk, though at times he said he imbibed liquor to alleviate pain.

To her prayers that she be allowed the custody of their six children, he implered of the court not to grant it, as she was not a fit person to have charge of the children.

### OUT FOR A GOOD TIME.

"Of late," he said, "she has been in the habit of staying out late at nights and associating with bad characters, men and women. When I remonstrated with her, she told me she was out for a good time, and had it."

"For twenty-four years," he said, meditatively, she was a model wife, but since my affliction she has become very much changed."

True heigh great and the stated.

Upon being cross-examined he stated that he had not earned a dollar during the present year. He had been working around a saleen, but got paid in

that he had not earned a dollar during the present year. He had been working around a saleen, but got paid in medicine.

"Have you seen your wife frequently of tate?" queried the attorney.
"Yes, I saw her one night go home from a party in company with a man." "What were you doing?" came the next query.

"Watching her," was the prompt response.

"Were you suspicious of her?"
"Of course; I had reasons to be."
Mr. Arnold then cited a good many instance, when he said his wife was durink." One the said his wife was durink." One the said his wife was durink. One thus she was so overcome from intoxicants that she had to stay two days in bed to sober her up.

PRETITY GOOD SORT OF FELLOW.

William A. Olsen, proprietor of the Phoenix saloon at Murray, testified that Arnold was a pretty good sort of a fellow. His health had been very bad for a long time, and sometimes it was with great difficulty that he could sit up. Witness gave him work because he thought the family treated him badly at home. He said he did not think it strange that Arnold's wife and daughter should go out and work when defendant's health was taken into condition of pardons were entered in for housebreaking.

The board of pardons yesterday had six cases under consideration, but in no instance was a pardon granted. However, the beard granted a rehearing of the application for pardons of David McCune, convicted of assault with linent to commit rape, and Rufus Smith, who was sent up for 25 years on a conviction, before Judge Zane, in the old district count; of murder in the second degree. The rehearings will be had at next month's meeting.

Samuel W. Mulberry, who was sentured by Judge Blackburn at Provo to serve 20 years in the pentlentiary on a conviction of murder in the second degree, having failed to obtain a pardon, applied for a commutation of sentured of petit larceny, and James Porter Alired, under sentence, for housebreaking.

H. S. Partindge, who is serving a term for housebreaking.

The application of Peter Clark, a returned pardon would proba

it strange that Arnold's wife and daughter should go out and work when detendant's health was taken into consideration.

Edmund Batchelor had known Arnold for 16 years and he had always conducted himself well.

The case will come up again tomorrow, when Mrs. Arnold's turn will come.

## McCornick vs. Mangum.

W. S. McCornick filed a suit yester- Nugent. The sentence imposed on him day against F. A. Mangum and James day against F. A. Mangum and James
Baxter, formerly doing business under
the name of Western Cycle company,
to efficin them from disposing of certain promissory notes and written contracts delivered by him to the company, and which he claims were returned to the company for the purpose of
checking up the amounts, and afterwards retained by Mr. Mangum.

He also alleges that the defunct
company's attorneys are collecting the
amounts due and forwarding the pro-

company's attorneys are collecting the amounts due and forwarding the proceeds to the Scott Supply & Tool company of Denver. In view of certain unsettled claims, plaintiff asks that defendants be restrained from collecting the notes, and that a receiver be appointed to the possession of them during the pendency of the trial. It further appears from the complaints that the cycle company owes Mr. McCernick \$292.35, and that he is liable for certain indebtedness to another creditor of the company, for which the notes were turned over to him.

### TO CHURCH COMMUNICANTS.

Concert In Aid of Park City Churches. Are you ready to lead a helping hand

in aid of your unfortunate brother? On this beautiful Sabbath morning hree congregations in Park City are without a pince in which to worship be Lord. The devastating fire fiend did its work theroughly and so com-pletely that only blackened embers now mark the spots where once stood three mable structures erected to the name of God, dedicated to His service and de-vered to the betterment of the human

family.

The Parkites, nothing daunted, pro-pose to rebuild and we propose to show our appreciation of their faith and per-severance and aid them in the follow-

ing manner:
Tomorrow evening, the 19th, at the tabernacle, will be given a grand benefit concert and entire proceeds will go to the Park City church officials, who are authorized to receive same.
Ticket sellers representing Latter-day Saints, Episcopalians, Methodists and Congregationalists will call upon you, if they have not already done so, and ask you to pay 25 cents towards this fund, and in return they will give you a ticket that will admit you to a concert which ordinarily would cost \$1. a ticket that will admit you to a concert which ordinarily would cost \$1. Verify this statement by a glance at the programme in another part of this issue. Buy your tickets from the one you most desire to aid. Each church profits by the amount of its own sales. If you are missed by the canvassers, go to the concert just the same and buy tickets at the gate. Gate receipts will be divided equally between the four churches.

# "MEET US HALF WAY."

It has been urged many times—and we regret to say, with much truth—that there are thousands of sick people suffering from chronic diseases who have absolutely made up their minds that they cannot be cured—and that they must suffer intil death relieves them. Just why this condition should prevail is a mystery—unless it is because "Quack Doctors," "Fake Realers" and incompetent Physicians have failed to relieve these sufferers, and when the fees ceased coming in have told them they were incurable to get rid of them.

It is hard to helieve in any Doctor after being gwelly decrived and

Were incurable to get rid of them.

It is hard to believe in any Doctor, after being cruelly deceived and disappointed time after time, and it is because there are so many invalids who have spent fortunes seeking relief in vain, and have become absolutely discouraged, and refuse to listen to argument—that Doctors Shores & Shores have made it possible for sick people to investigate their treatment—talk with patients whom they have cured—be examined themselves and given a test treatment.

# Absolutely Free of Charge.

In doing this Drs. Shores do not claim to be philanthropists—but do claim that they find square dealing always paid them, and they will always deal squarely with the people. They believe it better to have a person's good will and absolute confidence than to receive a few dollars for treating incurable cases—and then have that patient saying to the world that Drs. Shores deceived them.

# No Matter Who Has Failed,

No matter who has deceived you, you can't be made worse by trying again; you can't lose money when nothing is charged, and you can't be deceived when your own eyes and ears see people already cured and hear them tell you personally that Drs. Shores' treatment has cured them and

# If You Want to Get Well

And will do your part—simply meet us half way—we will undertake to prove to you by OTHERS that we can cure you and then we will prove it by YOU by letting you test this treatment without cost. Can anything be fairer? Can a brother do more for a suffering brother?

Drs. Shores simply ask you to meet them half way—don't let prejudice sway your judgment—don't let former deceptions make you believe there is no truth—but use your eyes and ears, and make it a point to call at Drs. Shores' office Monday—or, in fact, any day this week—and be examined FREE—learn exactly what your trouble is FREE—find out what can be done for you FREE—and see Drs. Shores' new and modern applican be done for you FREE—and see Drs. Shores' new and modern appli-ances for treating chronic diseases—and test the treatment yourself

## "I COULD NOT HEAR A TRAIN WHISTLE."

"DRS. SHORES ENTIRELY RESTORED MY HEARING IN TWO MONTHS' TREATMENT."

Mrs. Augusta Liljenfeldt, 61 Apple Street, Salt Lake City.

Mrs. Augusta Liljenfeldt, of 61 Apple Street, Salt Lake City, is today a happy, grateful woman, for as she says—she can hear urailiary conversation now where she could not hear the loudest noises two months

She says: "I have been deaf for several years—particularly in my left car—and the loudest noises were barely heard when I listened intently. Later on I became totally deaf in that car, and people had to fairly shout in my right car to make me understand anything at all. Train whistles became silent to me—I could not hear words spoken to me, and everything became silent as the grave. In despair I went to Drs. Shores, who carefully examined my ears with their wonderful new instrument, and told me that a cure was possible. I began treatment, and must say I was discouraged at first, as I did not seem to improve, but the Doctors told me it would take patience, and I went ahead, following their advice. I have certainly got my reward now for in a short time I became vice. I have certainly got my reward now, for in a short time I began to notice sounds—I could hear things move and drop—could catch faint words of conversation, and with joy saw my hearing was returning. I have gradually got better and better, until today I hear better than I ever did; can easily hear an ordinary conversation—and for the first time in years can hear my clock tick. This has all been accomplished in two months, at a cost of \$10.00—and I can honestly say I am perfectly cured—and no words can express my gratitude to these wonderful Doctors. I earnestly invite anyone interested to write to me or call on me
